

2. At 9 a.m. on October 8, 1998, the lands described above will be opened to location and entry under the United States mining laws, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. Appropriation of any of the lands described in this order under the general mining laws prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38 (1988), shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determinations in local courts.

Dated: September 1, 1998.

[G-070-5101-00-YGKH; NMNM 80897]

Notice of Right-of-Way Application; New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: An amended application, serialized as NMNM 80897, was received for a 1,140.79 feet right-of-way for construction of two 24 inch diameter pipes.

Notice is hereby given that, pursuant to Section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), as amended by the Act of November 16, 1973 (37 Stat. 576), Devon Energy Corporation has applied for an amended right-of-way serialized as NMNM 80897 to construct 1,140.79 feet of two 24 inch diameter natural gas pipeline across public land in Rio Arriba County, New Mexico. This will lower pressures in Devon's existing Sims Mesa Central Delivery Point which would allow them to transport the volumes of Fruitland Coal-Bed Methane (natural gas) their wells are capable of producing. The proposed line crosses the following public lands in Rio Arriba County.

New Mexico Principal Meridian

T. 30 N., R. 7 W.,

Sec. 22, NENE.

Containing 1.31 acres.

The purpose of this notice is to inform the public that the Bureau of Land Management will be deciding whether the right-of-way should be approved, and if so, under what terms and conditions.

Interested persons desiring to express their views should promptly send their name and address to the Assistant Field Office Manager for Resources, Bureau of Land Management, 1235 La Plata Highway, Suite A, Farmington, New Mexico 87401.

Dated: September 2, 1998.

John A. Phillips,

Associate District Manager.

National Park Service

Notice of Intent to Issue a Concession Permit at Rocky Mountain National Park

SUMMARY: Pursuant to the Act of October 9, 1965 (P.L. 89-249; 79 Stat. 969; 16 U.S.C. 20 *et seq.*), notice is hereby given that the National Park Service intends to issue a concession permit at Rocky Mountain National Park with a term of three years. The services to be provided under this permit are; instruction and guide services in technical rock climbing, mountaineering, and ski mountaineering. This short term authorization is necessary to allow the continuation of public services during the completion of planning documents for Rocky Mountain National Park. The current concessioner has performed its obligation to the satisfaction of the Secretary of Interior and retains its right of preference under this administration action.

EFFECTIVE DATE: Any party interested in making an offer for this new permit must do so within 15 days of the date of publication of this announcement. A copy of the prospectus for this concession authorization may be obtained from the Chief of Concessions Management, Intermountain Support Office, National Park Service, 12795 West Alameda Parkway, P.O. Box 25287, Denver, Colorado, 80225-0287, or call: (303) 969-2661.

INFORMATION: Information regarding this notice can be obtained from: Chief, Concessions Management, Intermountain Support Office, Attention: Judy Jennings, National Park Service, 12795 West Alameda Parkway, P.O. Box 25287, Denver, Colorado, 80225-0287, or call: (303) 969-2661.

The National Park Service is currently in the planning process to determine the future direction of concession services in Rocky Mountain National Park. This necessary planning process will directly affect future concession activities. Included in this planning process is the development of a commercial services plan. It is anticipated that the park commercial services plan will be completed in 1999. Until planning is completed, it is not in the best interest of the park to enter into a longer term concession permit. It is the intention of the National Park Service to complete the planning process then conduct a public solicitation and selection of a concessioner for a longer permit period.
